

Dear Band Students and Parents,

Early next year, the band boosters will be holding its annual Trivia Night to benefit the band. We will be raffling off baskets at this event and we are asking all students to participate by providing at least one item (we would love many more items) to their basket. A \$15 dollar gift would be terrific but any donation is appreciated.

Below is a list of sections and the basket your student's group will be raffling. Also listed are some suggestions of items to donate. We are telling you about the basket items needed in advance, so you can have time to search for those clearance items or special items to fill our trivia baskets. We will give collection dates at a future time.

Please remember, you may donate anything or as much as you would like. If you have some items that are not particularly in your student's basket as suggested, we would love to have them as well....even the actual baskets!

If you would rather just donate the \$15 cash instead of buying a gift, I will be happy to pick up an item for your student's basket, just send the cash in to school instead.

Please be on the lookout for baskets or large containers to fill with the collected items. We also need filler, ribbons and bows and plastic to cover the baskets.

But we are asking for 100% participation from all students. Remember, the more items you bring, the better your basket will look. All monies from these baskets will go directly to the band.

I will be looking for one adult volunteer from each basket selection to be in charge of putting your student's section basket together. We will hold a gathering to build all of the baskets together. If interested, just let me know. It's a lot of fun.

*Information about when to turn in your basket donation item, buying a table to play and the date of the band trivia will be given at a later date.
Thank you in advance for all your support!*
